

Minutes of Meeting

Name: Mohd Zaid

Run by : futureense.uni

Title : Internship

Attendes: CSE(AIDE)

Objective:

- To achieve a comprehensive understanding of the 'EXPLAIN' command in SQL and to thoroughly revisit and clarify the different types of JOIN operations..

Agenda:

- **Gain a comprehensive understanding of the 'EXPLAIN' command in SQL, focusing on key column keywords such as ID, select_type, and type.**
- **Review and discuss example queries related to the 'EXPLAIN' command to illustrate practical application.**
- **Explore and discuss common values encountered in the 'type' column of the 'EXPLAIN' output, enhancing our understanding of query performance and optimization.**

Key takeaways:

- **Achieved an in-depth understanding of key column keywords in the SQL 'EXPLAIN' command, including ID, select_type, and type.**

- **Discussed and analyzed example queries to effectively demonstrate the practical applications and implications of the 'EXPLAIN' command.**
- **Explored common values in the 'type' column, gaining insights into query performance and optimization techniques within SQL environments**

Task:

- **Ensure complete understanding of the SQL 'EXPLAIN' by Monday. Prioritize finishing all pending tasks by tomorrow to facilitate this.**
- **If the 'EXPLAIN' keyword study is completed over the weekend, proceed to understand subqueries in SQL.**
