Minutes of Meeting

Name: Mohd Zaid

Run by : futurense.uni

Title : Internship

Attendes: CSE(AIDE)

Objective:
-      Enhance understanding of the GROUP BY

Agenda:
-      Discussing the Use of GROUP BY in conjunction with the HAVING Clause
-      Exploring the Purpose and Benefits of the HAVING Clause Over the WHERE Clause
-      Understanding the Implementation Details of GROUP BY and HAVING Clauses

Key takeaways:
-      The discussion will focus on the utilization of the GROUP

BY clause alongside the HAVING clause within SQL queries.

-       The agenda will include a detailed examination of why the HAVING clause is preferred over the WHERE clause in certain scenarios

Task:

-       instructed us to conduct research on the GROUP BY and HAVING clauses, and to create a PowerPoint presentation that includes their usage. We are required to prepare approximately three slides covering these topics.
